## SUMMARY

---

I am a Results-driven frontend developer with expertise in building responsive, scalable and user-friendly web applications using React, JavaScript and other modern frontend technologies, I have a Proven track record of delivering high quality solutions on time.

## EXPERIENCE

---

### , **YouTube Clone**

I Designed and Developed a frontend replica of the YouTube application, Utilizing modern web development Technologies and frameworks. The project demonstrates my expertise in building responsive, User-friendly, and interactive web applications. The features includes, Responsive design for seamless user experience across various devices, video search and filtering capabilities, User interface built using Material-UI components for a consistent and visually appealing design.

### , **Google Gemini Clone**

I Designed and Developed a conversational AI interface using the Google Gemini API and React demonstrating my expertise in building modern web applications and integrating natural language processing(NLP) capabilities. The features includes, Conversational interface for user input and AI responses, Natural language understanding and processing using the Google Gemini API, Real-time response generation and processing, User-friendly and intuitive interface built using React components.

### , **Movie App**

I Designed and Developed a responsive and user-friendly movie app frontend using React, showcasing my expertise in building modern web applications, Features includes, Movie listing and details page, Search functionality for finding movies, responsive design for seamless user experience across various devices, user-friendly and intuitive interface built using React components.

## EDUCATION

---

Obafemi Awolowo University

Bachelor of Science (B.Sc. Hons) • **Software Engineering** • 2024 - Present

Udemy

**Web development and relevant technical skills** • 2023 - Present

## LICENSES & CERTIFICATIONS

---

**Full Stack Web Development**

Udemy •

**The Complete JavaScript Course**

Udemy •

## SKILLS

---

HTML • CSS • JavaScript • TypeScript • Bootstrap • jQuery • Node.js • Express.js • React.js • Material UI
